Who We Are

Amorim Gerações was founded in 1989, and over four decades, one thing has never changed: our commitment to those who resell textiles.

We are a B2B textile warehouse with over 10,000 products in stock, across the categories of baby clothing and accessories, socks and tights, nightwear, outerwear, underwear, and home textiles. We work exclusively with registered resellers, retailers, and traders. Our business is ready to help your business grow. Our own brands such as FIIL BABY are manufactured in Portugal. Quality you can see, origin you can trust.

Why Portugal?

Portugal is one of Europe's leading textile manufacturing countries, recognised globally for premium fabric quality, precise stitching standards, and environmentally responsible production. Your private label products carry that credibility and the phrase Made in Portugal resonates strongly in markets around the globe.

Why Do Private Label With Us

Our private label service is designed specifically for businesses that want to sell quality baby clothing under their own brand without the risk of high minimum orders or long lead times. Whether you are launching a new brand, expanding an existing line, or sourcing for retail distribution, we offer the flexibility to make it work.

Lowest MOQ in the Market

Most manufacturers demand 500 to 1,000 pieces per model. Our minimum is just 100 pieces per model making private label accessible for emerging brands and boutique retailers alike.

Made in Portugal Quality

All products are manufactured in Portugal under strict quality controls. Each piece is produced to meet the safety standards expected in the EU and international markets.

Full Label & Packaging Solutions

Replace our brand with yours. Custom woven labels, hang tags, polybags and branded packaging options are available see the Customisation section for full details.

Transparent Pricing

Standard private label products are priced from our published list. Any customisation beyond standard labelling (fabric changes, custom colours, new embroidery) carries a separate quotation so you always know what you are paying before committing.

Flexible Payment for international Clients

We accept Bank Transfer, PayPal, Revolut, Wise and others, to make it easy working with us from anywhere in the world.

Dedicated Support

You will deal directly with our team, not intermediaries. Fast responses, clear communication and genuine partnership are part of how we operate.
